

EXTENDED WARRANTY

"Because they're counting on you."

Protect your investment...and your profits.

The Gfp Extended Warranty Agreement (EWA) combines manufacturing expertise, factory-trained service technicians and nationwide service support to protect your productivity and performance from unexpected downtime.

One easy payment covers all parts, labor, and travel expenses associated with repairing your system. Extended warranty protection is often the difference between keeping your promises and letting your customer down; between profitable operation and unbudgeted repairs. With a Gfp Extended Warranty plan you're always covered. Can you afford not to protect yourself?

Consider the benefits

- ✓ **Lower Service Costs.** Save on expensive repairs.
- ✓ **Budget Control.** You know exactly what your service costs will be... no surprises.
- ✓ **Technical Expertise.** Certified Technicians have the expertise, factory parts, service data, and tools to efficiently complete repairs and fine-tune your machine for optimum production and performance.
- ✓ **Unlimited Coverage.*** All parts, labor, and travel expenses related to machine repairs, including main laminator rollers.
- ✓ **Priority Phone Response.** Quick answers by phone or a technician dispatched within 4 hours.
- ✓ **Priority Scheduling.** On-site service response within 2 business days
- ✓ **Less Downtime.** No waiting for approvals or purchase orders. Just call when you need us.
- ✓ **Peace of mind.** With an EWA, your machine will be operational when you need it most.
- ✓ **Continuity.** Enjoy uninterrupted coverage from unexpected repairs after your warranty expires.
- ✓ **Preventative Maintenance.** Plans can include preventative maintenance calls to reduce emergency disruptions and correct operational deficiencies that could affect productivity.

Purchase or renew a Gfp Extended Warranty Agreement today by contacting your local Gfp Dealer or Gfp at 800-986-2005.

*Excludes repairs due to neglect or misuse.
